

Updated Pallet for FLEXCEL 5080 consumables from Weatherford

In direct response to customer feedback via our Product Investigation Report (PIR) process, the pallet dimensions have been modified to provide more space for a pallet jack to be inserted on the long side of the pallet.

- The pallet remains 4-way accessible.
- The pallet is made of heat-treated pine.

Ordering notes:

- This change is limited to only pallets used with FLEXCEL NXH 1.70 MM/0.067" and FLEXCEL NX1.14 MM/0.045" 50x80 and 50x65 Plates and TIL/R Film made in Weatherford.
- To prevent interruptions in your plate kit orders, the catalog numbers are unchanged.
- Miraclon will start shipping product with the new pallet design as of **March 2020**.
- The outer dimensions and gross weight of the pallet have changed, as shown:

Attribute	Old Design	New Design
Pallet Design	Partial 4-way entry Stringer pallet	4-way entry Block pallet
Outer dimensions (LxWxH)	87"x 57 ½" x 4 ¾" (2210 x 1461 x 121 mm)	88"x 57 ½" x 5" (2235 x 1461 x 127 mm)
Gross weight of the pallet	44 Kg (97 lbs)	58 Kg (128 lbs)
Maximum number of 50x80 or 50x65 plate boxes stacked per pallet	5	5
Minimum distance required between forks	5.25" (long side) 3.5" (short side)	17" (long side) 19.166" (short side)

As part of this transition, no product returns will be accepted.

We thank you for being a long time Miraclon customer and look forward to your continued business success using Miraclon solutions and products. Please feel free to contact your local Miraclon sales manager if you have any follow up questions.
