Re: REACH Substances of Very High Concern (SVHC) – Consumables Portfolio

Under Article 33 of EU REACH Regulation (1907/2006), as well as the UK REACH Regulation (2021) Miraclon Corporation has a duty to communicate to our customers the presence of SVHCs in excess of 0.1% by weight of articles (as defined by Court of Justice of the European Union Case C-106/14) contained in our products.

Miraclon has reviewed our photopolymer plate portfolio and digital imaging film for the presence of the two hundred nineteen (219) SVHC substances on the SVHC Candidate List as of July 8, 2021.

Miraclon Corporation hereby represents and warrants that the following products do not contain SVHCs in excess of 0.1% by weight:

- KODAK FLEXCEL NXH Plates
- KODAK FLEXCEL NXC Plates
- KODAK FLEXCEL Thermal Imaging Layer (TIL)
- KODAK FLEXCEL Thermal Imager Layer-R (TIL-R)
- KODAK FLEXCEL SR Plates Products (SRM, SRH, SRC, SRC-K)
- KODAK DITR Film

This determination is based on engineering evaluation and supplier declarations and is correct to the best of Miraclon Corporation's knowledge.

The Candidate List of Substances of Very High Concern (SVHC) is published and updated by ECHA on a regular basis. As part of our product stewardship and regulatory compliance efforts, we continue to monitor potential regulatory, safety, health and environmental impact of using our products.

If you have additional questions or require further assistance, please feel free to email EAMERcustomer@miraclon.com.
