May 20, 2022

From: Sue Kutay, Global Product Manager
To: Customers and Channel Partners for the KODAK FLEXCEL NX System
Subject: **New packaging for KODAK FLEXCEL Thermal Imaging Layer (TIL-R)**

To our valued customers and channel partners:

This notification is for information only.

As of May 2022, we will be implementing a redesign in the packaging for our Thermal Imaging Layer (TIL-R). The redesign creates TIL-R boxes that are the same dimensions as the 5065 plate boxes which allows all of them to be shipped on a single pallet. The redesign and new shipping configuration provide an increase in shipping stability as well as a decrease in waste.

For those customers that buy large quantities of TIL-R in a single order, the maximum stack height will now be standardized to eight boxes of TIL-R per pallet.

What action do I need to take?

Please share this information with others in your business, as appropriate. Please continue to use the old TIL-R catalog numbers until notified by customer service. The switch to the new numbers will occur automatically when existing stock is depleted.

There is no change in plate kit catalog numbers. If you place an order for the affected plate kit catalog number, you will automatically receive the redesigned TIL-R box in your shipment when existing stock is depleted.

What products will be included in the redesign?

TIL-R product Catalog Numbers

Description	Discontinued Catalog Number	Replacement Catalog Number
FLEXCEL NX TIL-R 1283 1681 10SH (B)	31005942	20500063
FLEXCEL NX TIL-R 1283 1681 20SH (B)	31005941	20500064
FLEXCEL NX TIL-R 1283 1681 30SH (B)	31005940	20500065
FLEXCEL NX TIL-R 1283 1681 40SH (B)	31005208	20500066
