Header: Updated Product Numbers and Quantities for Certain FLEXCEL NXH and NXC 4260 Kits, Plates and Film

To our valued customers:

This notification is for informational purposes only.

As part of our ongoing commitment to improving sustainability and efficiency within our supply chain, beginning April 2024 **product numbers and quantities for FLEXCEL NXH and NXC 4260 (1067 x 1524 mm) Plate Kits in the following thicknesses will be updated.**

Product	Thickness (mm)
FLEXCEL NXH	2.54
	2.72
	2.84
FLEXCEL NXC	2.84
	3.18
	3.94

For the impacted products, the following changes will go into effect:

- **Kits** – Kits will be standardized at 30 plates and film per kit, with updated catalog numbers.
- **Plates** – No changes.
- **Film** – There will be two changes to film boxes.
 - Film will increase to 30 sheets per box to match kit quantity and will be shipped in our current style of box.
 - Film boxes will transition to a streamlined box designed to be lighter and with less packaging waste.

What action do I need to take?

If you order plate kits, please continue to order your current kit until you are notified by Miraclon Customer Care to begin ordering with the new kit numbers.

If you order plates or TIL/TIL-R individually, please continue to order your current product until you are notified by Miraclon Customer Care to begin using the new product numbers.

Please note – During the transition period, you may receive orders that contain new product numbers, the discontinued product numbers, or a combination of both.
